**Subject:** Controlled Substance Sales to Physicians, Wholesalers, Distributors and Repackagers

Ms. Hamilton and Ms. Lane,

This email is a follow up to my conversation with Group Supervisor Hamilton earlier this afternoon. As of today we are discontinuing the sale of controlled substances to all doctors/physicians, veterinarians, wholesaler/distributors and repackagers. We are taking a proactive approach after reviewing some of our sales based on conversations we recently had with the Florida Department of Health at a recent meeting in Tallahassee.

To make sure we are not indirectly involved with regard to the sale of controlled substances to doctors/physicians and veterinarians we have made a business decision to discontinue controlled substance sales to our wholesale/distributor customers as well as repackagers that have a manufacturers registration with DEA.

There may be a high volume of calls received by your offices due to some of the changes we are making and Anda is committed to assisting in any way possible.

Thank You  
Michael Cochrane
